## 3in1 Jump Starter Air Pump & Power Bank

### Unleash Unparalleled Convenience

Imagine a compact device that combines a powerful jump starter, a handy tyre inflator with a portable air pump, and a reliable charging power bank. That's exactly what the 3StarTek 3in1 Jump Starter Air Pump & Power Bank brings to the table. With its all-in-one functionality, you'll no longer need to carry multiple tools or worry about being stranded with a dead battery or flat tyre.

### Powerful Performance and Versatility

Equipped with 500 cranking amps (800A peak), this jump starter packs a punch, ensuring quick and efficient vehicle start-ups. It works flawlessly with a wide range of vehicles, including cars, light trucks, boats, ATVs, golf carts, and more. The built-in tyre inflator and portable air pump feature adds another layer of convenience. From inflating car tyres and ATVs to bikes, basketballs, beach balls, and air mattresses, this device does it all. With an automatic stop function at the preset pressure level (up to 120 PSI), you can achieve accurate and worry-free inflation every time.

### A Reliable Companion

The 3StarTek 3in1 Jump Starter Air Pump & Power Bank is engineered to be your trusted roadside companion. With its sturdy build, intuitive features, and dependable performance, you can rest assured that it will come to your rescue whenever you need it most.
