

**S A Auto Accessories Pty Ltd**

# **NEW PRODUCT**

## **EV TAGS**

Electric Vehicles are now required by law to have a plate designed to specific specifications that identify that the vehicle is an electric vehicle.

This is so all emergency services personnel can easily identify the vehicles fuel source if required.

The label must be

- Fixed conspicuously to front and rear number plates
- Affixed to a plate made of metal that is at least 1mm thick

ALL PRICES SUBJECT TO 10% GST.
